# Escape The Everyday

We specialise in pop up accommodation across South Australia. We have a dedicated team who will work with you to create a unique and memorable glamping village for your event.

Since 2016 our mission has been to exceed expectations in customer service, quality and cost through continuous improvement of our product and service delivery.

Since our birth into the events industry 5 years ago, we have evolved from a children's party business to now serve a broad customer segment as we met market demands. There has been an increased number of people who want to embrace nature with unique outdoor events. Our humble beginnings has seen a growth from 1 tent to 50.

Thank you for showing an interest in Tent Events. We appreciate the opportunity to show you what we are all about.

The fact you are looking at our brochure suggests you are looking for something unique and not your standard event.

Our tents create a dramatic backdrop and allow for a unique atmosphere. They create a visual statement as well as giving the luxury of all your guests together for longer.

Our tents can withstand heavy rain while creating a cosy, homely atmosphere inside .

A unique visual statement and the luxury of being together —Tent Events builds villages for people who want to be different and create memorable experiences for their guests.

# How it Works

## THE NITTY GRITTY

- Select your date and how many tents you require and let us know the location. If your location is at a venue hopefully you have permission already but if not we can have a chat with them
  - Pay a small deposit of \$500 to secure your date
- Keep us updated along the way on numbers so that we don't overbook. Bookings close 1 month before the event. You will then receive the final invoice.
- We will conduct a site visit and work on a plan of action
- Set up generally begins 2 days before the event date, there does need to be flexibility to allow for mother nature
- Arrive at your tent village to relax and unwind, enjoy you event and the fact you and your guests don't have to leave early
  - Once the party is over we will make it all disappear

# Guest Booking Site

If you would like your guests to book and pay for their tents individually, we can set up a private booking site. The site is password protected so you can control whom has access. There is a one off \$350 fee to set up your private booking site and manage all your guests without the inconvenience to you. We will come and do a site visit with you at the event location so we can create a map for your guests to easily find their accommodation and discuss any issues.
